

Diego Alpízar Nunnari

About Me

I'm a creative visual designer and programmer focused on branding, social media, asset production, user-experience and motion graphics. I've been involved in creative technology projects which have allowed me to design and code my own solutions. I consider myself independent, flexible, reliable, and a problem solver with good teamwork skills.

Brand Experience

Here are some of the most outstanding brands that I had the opportunity to work with:

Work Experience

- POP Digital (2017-today)
Visual Designer for brands such as Microsoft, Oracle, eBay.
- Urbanet Studio (2016-2017)
Visual Designer for brands such as Arizona and Denny's.
- Pictonauta (2016-today)
Founder and Designer for brands such as Universidad VERITAS.
